NUMBERS:

**236 total opt-ins/subs**

**Avg cost per lead = @ .84/per lead via FB (paid traffic)**

**2 back-end sales @ \$45/ea + small monthly**

**CAMPAIGN WINS:**

- Built a small but semi-targeted list
- Healthy conversion on content/blog post
- Fluid testing (sought support & feedback from groups/friends)
- Pivoted post test from direct squeeze page to content campaign
- Decent CPL
- Points for effort and execution? :)

**CAMPAIGN FAILS:**

- Insufficient monetization
- Insufficient follow-up (no long term AR series or engagement series) and follow-through
- Lack of relevant back-end offers
- Low back-end offer conversion
- Professional ADHD and..... *SQUIRREL!* :)
